Attention Residents of Wilkin County:

Due to an equipment failure, the Wilkin County Sheriff's Office is not currently able to activate the outdoor warning sirens located in the cities of Breckenridge, Campbell and Foxhome. It is not immediately known how long this outage will last, but the public will be notified when the system is once again operable.

Although it is late in the season for severe weather, it is still possible so please ensure you have alternative means to receive weather warnings and emergency alerts. As always, Wilkin County will continue to utilize CodeRED as an emergency notification system.

If you are not currently registered for the CodeRED Emergency Notification System please visit:

Thank you,
Chief Deputy Tony Harris
