Reopening The Southern Valley

We will get through this and we will return to business as normal. Planning is key for this to happen and it's time to start thinking about what we need to do to prepare for our doors to reopen. Below are a few things for you to start thinking about.

**STAY IN TOUCH**
Keep in contact with your employees, customers and vendors. Make sure they are aware of your plans and tentative dates for reopening. Check on availability of supplies you need to reopen.

**CREATE A REVISED BUDGET**
Have a clear picture of where you are sitting financially. Visit with your banker if you have concerns regarding funding to reopen your doors.

**IMPLEMENT SAFE BUSINESS PRACTICES**
Plan early to stay in compliance with government restrictions for reopening. Take necessary steps to keep yourself, your employees and your customers safe.

**REINVENT BUSINESS PRACTICES**
COVID-19 has certainly forced everyone to rethink how they do business. Perhaps you have adapted some new policies you'd like to continue or expand upon. It might be time to start selling online or offering in-store pickup.
